## I LOVE THIS GAME

I wake up. It's the first thing I think of.  
I can't wait to turn it on so I can start playing  
Don't tell me that it is a waste of time  
If you haven't played then you don't know what you're saying  
Everybody likes to have a little something to help them unwind  
Everybody has a something that it seems is always on their mind  
I know that people think I am obsessed  
That I am just wasting time, that I should forget it.  
I don't care that there are things that they all think that I should do instead  
I love this game  
I want to keep playing it. I want to keep playing it all the time.  
I love this game  
I want to keep playing it. I want to keep playing it all the time.

When I score better than the day before  
I just want to play it more. There is nothing better  
Everybody loves the feeling that one day they will be number one  
I love this game  
I want to keep playing it. I want to keep playing it all the time.  
I love this game  
I want to keep playing it. I want to keep playing it all the time.

There's nothing I would rather do all day  
Than sit in my room by myself and play  
When I play it more it's always better than before and any other stuff is boring  
I love this game  
I want to keep playing it. I want to keep playing it all the time.  
I love this game  
I want to keep playing it. I want to keep playing it. I want to keep playing it.

## WHAT'S HAPPENING?

CLAIRE: What is going on here? I don't know what has happened to me uh huh.  
Everything is spinning. This really isn't how it should be uh huh.  
Somebody better try and explain  
The situation's really insane  
The room is disappearing from view  
And I have no idea exactly what I should do  
What's happening? This is seriously weird  
What was here just disappeared  
It's like magic but there's no such thing  
What's happening? I was here but now I'm gone  
Tell me, what is going on?  
Will somebody please explain to me what's happening?

OLIVER: I know that you still have to be here  
A person doesn't just disappear  
It really isn't funny at all  
And why are you not answering when you hear me call  
What's happening? This is seriously weird  
It looks like she disappeared  
It's like magic but there's no such thing  
What's happening? She was here but now she's gone  
Tell me, what is going on?  
Will somebody please explain to me what's happening?

TOGETHER: Stop and think  
There must be a reason that  
The whole world's turning upside down

What's happening? This is seriously weird  
What was here just disappeared  
It's like magic but there's no such thing  
What's happening? I was here but now I'm gone  
Tell me, what is going on?  
Will somebody please explain to me what's happening?  
The whole world's turning upside down  
What's happening?

## TREES

CLAIRE: Trees are lovely when you see one standing there  
So tall, so strong  
Can't imagine they could do you any harm  
But what if I'm wrong  
When they all gather together and start blocking out the sun  
It makes it hard to find your way, the game cannot be won  
And I can't see a single tree, I can only see the forest.

It's part of the game  
Things never stay the same

It's like people when you meet somebody new  
You share a smile  
And you hope that maybe you have found a friend  
It's all worthwhile  
But when lots of people gather and you don't know anyone  
Instead of feeling comfortable you want to turn and run  
And you can't see a single face, you can only see a crowd  
And I can't see a single tree, I can only see the forest.

## HAPPY ENDING

CLAIRE: So I wanna tell a story

NICHOLAS: Are you gonna tell a story?

CLAIRE: Yeah I'm gonna tell a story for you all to hear  
Should I start at the beginning?

NICHOLAS: Yeah begin at the beginning

CLAIRE: Then I'll go onto the middle so it's nice and clear  
But then I'll go onto the part that comes after the rest  
The part that everybody likes the best  
It doesn't matter where your story goes as long as it can have a happy ending  
There may be things you have to overcome but that's okay if there's a happy ending  
And even when it seems like all is lost  
You find a way to build a story bridge to get across

NICHOLAS: So now when you tell a story

CLAIRE: When you want to tell a story

NICHOLAS: Then you ought to make a story that is fun to tell  
So that when you hear the story

CLAIRE: You will wanna hear the story

NICHOLAS: And thing you wanna to hear is that it all ends well  
And even though there may be times when things look really bleak  
You've lost your paddle and you're up the creek

## HAPPY ENDING (cont).

TOGETHER: Who cares if you have got problems to face as long as you can have a happy ending  
It's always darkest just before the dawn but that's okay if there's a happy ending  
And even when it seems the end is near  
You know you'll find a way to make the problems disappear  
Tell a story  
You can make it any story  
Make it frightening or funny  
Make it scary sad or sunny  
Up a mountain, in the air  
You can set it anywhere  
In the jungle, outer space  
Don't forget to add a chase

NICHOLAS: Through a cave that's full of bats  
Or a cellar full of rats  
What if you meet a gorilla  
That would really be a thriller  
Or an alien invasion  
Would be quite a grand occasion  
Or that bomb is gonna blow  
Counting 5,4,3,2...

CLAIRE: And while you are imagining the possibilities  
There's one thing that you must remember, please

TOGETHER: It doesn't matter where your story goes as long as it can have a happy ending  
There may be things you have to overcome but that's okay if there's a happy ending  
And who cares if you've got problems to face as long as you can have a happy ending  
It's always darkest just before the dawn but that's okay if there's a happy ending  
If you know being happy is the goal  
Well then, whatever happens you know you can take control  
Take control.  
Happy ending.
